

# NEW LIFT NOW OPEN

## Western Multi-Storey Car Park V

A passenger lift has been installed at the Western Multi-Storey Car Park to provide a more convenient shopping experience for you.

This is a commercial lift so getting your shopping trolley to your car won't be a problem.

There is plenty of parking on the two upper levels, close to Paddy's Markets Building D for the best shopping experience. Trolley return is available on each level to make it even easier.
