

## FORKLIFT SAFETY NOTICE

Market businesses are required to inform their forklift drivers of the following information (additional information can be accessed on the Sydney Markets website [www.sydneymarkets.com.au](http://www.sydneymarkets.com.au)):-

- It is compulsory to wear a seat belt. Comply Notices will be issued for non-compliance. Forklifts without seatbelts cannot be used until a seatbelt is fitted. **SEAT BELTS MUST BE WORN AT ALL TIMES, even when only travelling a short distance.**
- Directional signage and other road signage MUST be followed.
- Speed limits are enforceable (10kph under canopies, 20kph in open areas, and 5kph on the forklift bridge).
- Forklifts should be governed to no more than 20kph. Forklift governors are randomly checked by SML staff to ensure they have not been tampered with (where possible).
- Pedestrian Safety – be aware of pedestrian crossings and access ways and keep a safe distance from pedestrians in general.
- Forklift drivers must have a current full RMS Driver's Licence and HRW (High Risk Work) Licence from SafeWork NSW to drive on roads within the Market site. **These must be carried by drivers at all times. Operators must advise SafeWork NSW of any change of address by calling 13 10 50.**
- When operating a forklift on site you are not permitted to carry more than 15 empty pallets (**provided that the forklift is fitted with a suitable load guard**) or to push empty pallets or pallets of produce along the ground.
- Forklift drivers must only carry pallets no higher than the back rest fitted to the forklift.
- **Do not lift or carry a load that extends above the load guard unless no part of the load can possibly slide back toward the operator. (The load must be secured).**
- Defective forklifts are to be reported to the business owner (principal). **Forklifts must be properly maintained.**
- Forklift operators are not permitted to carry passengers on forklifts.
- Travel in a forward direction when not carrying a load. Only travel in reverse whilst carrying a load that would obstruct your vision if travelling forward.
- Forklift lights must be turned on when operating at night.
- No mobile phones or two way radio devices to be used while operating forklifts.
- Do not operate any vehicle when under the influence of drugs (which may include some prescription drugs) or alcohol.
- RMS Road Rules must be adhered to at all times and as such, the roundabout at Austin Avenue is to be used in accordance with RMS Road Rules.
- No person is to travel or be lifted on the tines of a forklift and do not drive with tines raised too high.
- Do not carry items on the forklifts other than what the forklift is designed to carry on pallets.
- Forklift drivers **must not** smoke, eat, drink, or use listening devices (e.g. iPods, mobile phones) whilst operating a forklift.
- Do not leave forklifts unattended whilst the forklift is still running.
- Do not leave the keys in the ignition of the forklift whilst the forklift is unattended.
- No pushing or pulling of other vehicles (including deliberately colliding with other forklifts), whilst operating a forklift.
- No 'hooning' or overtaking whilst operating a forklift and do not cut corners.

*Should tenants or forklift operators require any further information about this flyer, please do not hesitate to contact SML's Work Health and Safety Manager, John Pascucci, on 0417 325 171.*

**IT IS IN EVERYBODY'S SAFETY INTEREST TO ENSURE COMPLIANCE OF THE ABOVE**  
***Slow Down, Buckle Up and Stay Safe***

***Be Responsible – Be Safe***
