

Paddy's **HAYMARKET**

SAFETY NOTICE

Electric and Manual Pallet Jack Movements

Some Paddy's Haymarket tenants may, from time to time, need to operate electric or manual pallet jacks during Market trading times to replenish the stock on their stands or when they have late deliveries.

Tenants operating electric or manual pallet jacks at Paddy's Haymarket during Market opening hours, Wednesday to Sunday, must adhere to the following Guidelines:

- All Market Tenants must ensure that the operator of the electric or manual pallet jack is guided in and out of the Market by a **spotter**, which must be supplied by the Market Tenant. Adjacent tenants may wish to assist each other with this process.
- All pallet jacks must give way to pedestrians AT ALL TIMES.
- Pallet heights must not exceed 1.2m, when being transported.
- Personal Protective Equipment (Hi Vis Vests) must be worn by the operator of the electric and/or manual pallet jack and the spotter.
- Pallet jacks must move at a slow walking pace when operating inside the Market.
